

# **SPRING 2024** **COMMENCEMENT** **CEREMONIES**

May 4 and 5, 2024  
SNHU Arena  
Manchester, NH

# MESSAGE FROM THE PRESIDENT

**Paul J. LeBlanc**

*University President and CEO  
Southern New Hampshire University*

Dear graduates, family, and friends,

It's still hard to believe that this will mark my last Commencement as President of Southern New Hampshire University. Twenty-one years ago, I presided over one – much smaller ceremony – to recognize the 1,803 graduates in the Class of 2003.

This Spring, we are celebrating over 16,800 graduates in four ceremonies at the SNHU Arena in Manchester, NH and seven virtual ceremonies.

I marvel at the changes we've experienced over my time here at the University. Trying to deliver courses over the Internet was still such a new, often perceived as far-fetched, concept for many in higher education. Now we have over 250,000 learners studying online with us and are pioneering ways to bring AI technology into our systems.

While our University has grown exponentially and looks different in so many ways, one thing remains the same: the grit and determination our graduates show and the resolve they display to overcome so many obstacles to reach the finish line. I am so proud of each of you.

Thank you for making this such a rewarding experience. I am so grateful for the time I have spent here. I wish each of you the best of luck wherever your next chapter takes you.

All my best,

Paul

# A TRADITION STEEPED IN HISTORY

## COMMENCEMENT PROCESSION

A procession of the various participants begins and ends our formal commencement ceremony. Individuals are arranged to reflect the order of academic rank in the hierarchy of the traditional European university.

At SNHU, the Mace Bearer leads the procession. He or she is followed by the Faculty Marshals, the Platform Party, and then the Faculty of the schools arranged in order of seniority, beginning with the senior faculty. The procession is concluded by the degree candidates. They enter in groups representing their schools/units, led by a gonfalon (flag) and walking in rank.

## CEREMONIAL MACE

The mace was first used as a weapon. The word comes from the Latin 'mateola,' meaning mallet or staff. It consisted of a long club with a ball of steel or brass at one end. As newer weapons came into use, the mace lost its prime purpose as an instrument of war; however, it had become a symbol of authority and power. Universities in Europe with roots in the Middle Ages adopted maces as symbols of authority and unity. Since then, other institutions of higher learning have come to use the mace in their ceremonies.

Southern New Hampshire University commissioned David Elwell, a New Hampshire silversmith, to create a mace to commemorate the university's 50th anniversary commencement. This mace is made of brass, aluminum, copper, and bronze, with a staff of ebony and African padauk.

## THE PRESIDENTIAL MEDALLION

The Presidential Medallion, worn by the president with academic regalia, is a symbolic representation of the authority and responsibility vested by the university in the president. It is a symbol of office that dates from medieval times and is worn by the president at all ceremonial occasions.

The Presidential Medallion is a permanent possession of the university and is presented to successive presidents at their inaugurations by the chairman of the Board of Trustees. The chain and medallion are fabricated from sterling silver. The university emblem, in relief, is the central design on the medallion. It is surrounded by a border of entwined wires, similar in texture to the chain links, and finished with a square raised edge. The heavy, twisted links of the chain bear four oval plates on each side. The background of the entire piece is oxidized to highlight the relief design and textures. The names of those who have held the office are engraved on the reverse side of the medallion.

The Presidential Medallion was designed and fabricated in 1987 by award-winning New Hampshire metalsmith Jacquelyn Ferency of Milford.

## ACADEMIC REGALIA

The academic costume worn today originated in the universities of the Middle Ages, when a warm gown and hood were useful for scholars and clerics in unheated buildings. The distinctive gowns served to set students apart from their fellow citizens, hence the perennial controversy between ‘town and gown.’

Until after the Civil War, students at most American universities wore caps and gowns daily while in residence. These varied in design until they were standardized by the American Intercollegiate Commission in 1894. At that time it was decided that all robes would be black; bachelor’s gowns would have long, pointed sleeves; master’s gowns would have long, closed sleeves with slits for the arms at the elbows; and doctor’s gowns would have very full, bell-shaped sleeves, each with three velvet bands matching the velvet facing of the gown opening.

The length of hoods varies with the degree. The lining of the hood indicates the university by the colors. The border of the hood indicates the academic discipline in which the degree was earned.

Students who have studied abroad for one or more semesters will be wearing a sash with the colors of the flag of the country where they studied. The sashes are issued to signify the university’s commitment to provide students with opportunities for acquiring international and cross-cultural experience.

Undergraduate learners that have received ceremonial and/or Latin honors will be wearing a gold cord.

Graduates that are serving in the military or are veterans will be wearing red, white and blue woven cords in recognition and appreciation of their service.

Graduates that served on Student Government Association will be wearing blue and white woven cords.

Participants in campus Undergraduate Research Day will be wearing a light blue cord.

Graduates that have provided academic support as peer educators will be wearing a royal blue cord.

Many cords are representative of membership in a recognized National Honor Society; a full list is found on subsequent pages.

The colors for academic fields established by the American Council on Education include:

Agriculture	maize
Arts, Letters and Humanities	white
Business, Commerce and Accounting	drab
Dentistry	lilac
Economics	copper
Education	light blue
Engineering	orange
Fine Arts	brown
Forestry	russet
Journalism	crimson
Law	purple
Library Science	lemon
Medicine	green
Music	pink
Nursing	apricot
Oratory	silver gray
Pharmacy	olive green
Philosophy	dark blue
Physical Education	sage green
Public Administration	peacock blue
Science	golden yellow
Social Work	citron
Theology	scarlet
Veterinary Science	gray

(Caps and gowns representing degrees from foreign universities may be quite different from those described. The most obvious difference may be in the cap, which is often a soft, round hat of the style worn by medieval scholars.)

# HONOR SOCIETIES

## **Alpha Chi National College Honor Society (Epsilon Chapter)**

SNHU is home to the Epsilon Chapter of Alpha Chi, the National Honor Society for liberal arts majors, which recognizes outstanding scholastic achievement, service, and character. Membership is open to liberal arts majors who have completed at least one half of the work required for a baccalaureate degree, rank in the top 10% of the class, and have earned cumulative GPA of 3.85 or above. Graduates wear blue and green cords. (Symbol: AC)

## **Alpha Phi Sigma Honor Society (Nu Iota Chapter)**

Alpha Phi Sigma is the National Criminal Justice Honor Society, offering membership to qualifying SNHU students with a GPA of 3.2 or higher within the Justice Studies, Policing and Law Enforcement, Crime and Criminology, Terrorism and Homeland Security, or Law and Legal Process programs. Members of SNHU's Nu Iota Chapter wear blue and yellow cords at graduation, while executive board members don yellow and blue stoles. (Symbol: APS)

## **Alpha Sigma Lambda Honor Society**

Founded with the goal of helping non-traditional students connect and further their academic and career goals, Alpha Sigma Lambda is a national honor society recognizing adult learners who display outstanding academic achievement. Students must have completed a minimum of 24 graded semester hour credits at SNHU (with at least 12 in Liberal Arts/Sciences courses) and have a minimum 3.2 GPA. Graduates wear gold and burgundy cords. (Symbol: ASL)

## **Delta Mu Delta Honor Society (Gamma Nu Chapter)**

Delta Mu Delta is an international honor society recognizing outstanding scholastic achievement among both undergraduate and graduate students pursuing business degree programs. To qualify for membership, students must display good character, have completed more than half of their degree program, achieve a GPA of at least 3.6, and be in the top 20% of their class. Members of SNHU's Gamma Nu chapter wear gold and purple cords at graduation. (Symbol: DMD)

## **Eta Sigma Delta Honor Society**

An international hospitality management honor society, Eta Sigma Delta recognizes the academic and professional achievements of students pursuing hospitality management, tourism, and culinary arts degrees. Undergraduate students must achieve a cumulative GPA of at least 3.2, while graduate students must maintain a GPA of at least 3.5 to be eligible for membership. (Symbol: ESD)

## **National Society of Collegiate Scholars**

The National Society of Collegiate Scholars (NSCS) is a non-profit honor society established to encourage and recognize academic achievement. Emphasizing scholarship, leadership, and service, NSCS accepts members who rank in the top 20% of their class, achieve a cumulative GPA of at least 3.4, and attend a college or university with an active NSCS chapter on campus. Membership is for life and is by invitation only. Graduates wear gold cords. (Symbol: CS)

# HONOR SOCIETIES

## **National Society of Leadership and Success**

The nation's largest leadership honor society, the National Society of Leadership and Success (NSL, S) provides a step-by-step program to help build leadership skills among its members. To be nominated for membership, undergraduate students must have a minimum 3.0 GPA, while graduate students must have a GPA of 3.5 and have completed nine credits. NSL, S members wear gray and black cords at graduation. **(Symbol: LS)**

## **Order of Omega**

The Order of Omega is an honor society exclusively for Greek Letter Organizations, and students who display strong leadership, character, and academic achievement. To be eligible for membership, students must be a junior or senior enrolled in a full-time undergraduate program, actively participate in a Greek organization on campus, maintain a GPA above the average Greek GPA, and display good character. Order of Omega members wear white and yellow cords at graduation, while executive board members wear white stoles with gold lettering. **(Symbol: OO)**

## **Phi Theta Kappa Honor Society**

Phi Theta Kappa is an international honor society that recognizes and encourages scholarship among students in two-year associate degree programs. Dedicated to developing leadership, fellowship, and service opportunities, Phi Theta Kappa members must have completed at least 30 credits (15 at SNHU) as part of a two-year program and maintain a 3.5 GPA or higher. Members wear blue and yellow cords or a gold stole at graduation. **(Symbol: PTK)**

## **Pi Lambda Theta**

The most selective honor society for educators, Pi Lambda Theta recognizes the academic achievement and outstanding disposition of education students. Undergraduate students must achieve at least a 3.5 GPA to earn membership, while graduate students must achieve a GPA of 3.9. All members must demonstrate exceptional disposition throughout their academic program. Upon graduation, members wear gold cords. **(Symbol: PLT)**

# STUDENT SPEAKER

**KAYLEIGH AN PHILIP**

Bachelor of Arts, *Magna Cum Laude*

My warmest greetings to President LeBlanc, Board of Trustees, distinguished faculty, treasured staff, family, friends, and of course, to my fellow SNHU graduates of the Class of 2024 - and the reason that we are all gathered here today in celebration.

For many of us in this class of '24, we started at the height of the pandemic - can you believe it's been four years? Let that sink in for a bit - we rose triumphantly from the rubble of the pandemic with a degree. I remember being in my final year of high school when we heard about the lockdown, and we all cheered! Two weeks of online school, let's play video games all day! I don't think any of us expected the tumultuous period that we would have to face, having our lives uprooted, any sense of normalcy gone, and thrown into lockdown. Back then, I thought all of it was so unfair - I couldn't believe that my prom was getting cancelled, any hopes of walking at graduation had gone out the window. I stayed in my room, day in and day out, waiting for things to get better. In August of 2022, I said goodbye to my family and hopped on a 30-hour flight from Malaysia to America to finish out my degree at 18.

My family, to whom I owe this opportunity, was worried about me not having anyone. Mom, Dad, Joelyn, Joshua - if you're watching right now, hi guys! I miss you all so much and I wish you all could've been here with me today - I couldn't've done this without your support. Even though we live all over the world, and I haven't been able to see you for two years - I have kept you with me ever since I left.

Coming to this school has allowed me to grow in ways that I never foresaw - not only have I found the most incredible support system, but I have also found myself. At times, I speed ran my college career just slightly - taking nine classes at a time during a few semesters, multiple sleepless nights, endless hair colors, and I pushed. Through every obstacle, and hurdle, even though some seemed larger than life at times - I pushed. Everyone says the hardest part of most things is starting, but truthfully, the hardest part of anything is seeing it through, and completing it, and that is something that all of us have proved and accomplished today by being in this room. Now I get to tell my kids that since I graduated before I was 20, they have no excuses.

As we all walk out of here today, the only thing I want to leave you with is this... for anyone who said it's not about the destination, it's the journey, are you crazy? Look at the destination that we have all arrived at! All jokes aside though, this success that you are all standing in today, having accomplished this, would not have been made possible without your journey. Without your twists, your turns, your road less traveled: this destination is here because of your journey. Even if you had to crawl, slide, or jump, to get to this finish line, you have made it, and that is why we are here today to celebrate. Congratulations, Class of 2024!

# EXCELLENCE IN TEACHING AWARDS

Southern New Hampshire University traditionally has recognized outstanding teaching in its many degree programs. Following an extensive selection process, a full-time faculty member and an adjunct faculty member are honored with the annual “Excellence in Teaching Award.” The process is student-driven with all nominations coming from the student body. A committee of faculty, administrators, and students used the nomination information and the following criteria to select the winners:

- Effectiveness as a classroom teacher;
- Commitment to advising and/or tutoring students beyond what might be expected;
- Professional development to remain current in the discipline and teaching;
- Contributions toward building the reputation or image of the university; and
- A general attitude toward students that demonstrates a concern for their welfare.

## **The finalists for the 2024 “Excellence in Teaching” Award for campus faculty are:**

### *Full-time faculty –*

**Dr. Nilesh Gautam**, Assistant Professor, Management Science, and Information Systems, School of Business

**Douglas Gilbert**, Lecturer, Engineering, School of Engineering, Technology and Aeronautics

**Dr. Sophia Kostas**, Assistant Professor, Business Administration and Management, School of Business

**Dr. M. Rasel Mahmud**, Assistant Professor, Computer Science, School of Arts, Sciences and Education

**Dr. Daniel Murphy**, Assistant Professor, Accountancy & Taxation, School of Business

**Dr. Vik Muzinieks**, Assistant Professor, Management Science, and Information Systems, School of Business

**Dr. Kishore Pochampally**, Professor, Management Science, School of Business

**Prof. Lisa Speropolous**, Associate Professor, Justice Studies, School of Arts, Sciences and Education

### *Adjunct faculty –*

**Christiane Ackerson**, Business, School of Business

**Chris Duhaime**, Marketing, School of Business

**Mary Giles**, Information Technology, School of Business

**Susan Kennard**, Accounting, School of Business

**Lisa Lavalley**, Science, School of Arts, Science and Education

**Brooke Russell**, First Year Seminar, Academic Affairs

**Heather Walker-White**, First Year Seminar, Academic Affairs

**Dr. Lynn Zlotkowski**, First Year Seminar/PCC, Academic Affairs

# EXCELLENCE IN STUDENT SUPPORT

The Excellence in Student Support Award is a new award which will be given out annually to recognize eight staff members for making an outstanding impact on the students they serve.

These SNHU staff members demonstrate a strong interest in student growth, education & unity. They serve as an advocate for student issues and show a commitment to student well-being, seeing each student as unique. Going beyond their occupational requirements — through guidance, leadership, and personal interest — they enhance the experience at SNHU. These awards are student-driven, with all nominations coming from the student body. A committee of university leadership and previous award winners used the nomination information and the following criteria to select the winners:

- High level of dedication and commitment to the student body
- Demonstrative attitude of excellence and positive spirit
- Encourages and guides students as they navigate their education and personal experience at SNHU
- Accessible and available to meet with students as needed
- Commitment to student engagement and mentoring beyond what is expected
- Maintains confidentiality

**The finalists for the campus Spring 2024 Excellence in Student Support Award are:**

# SCHOOL OF ARTS, SCIENCES & EDUCATION

## **School Of Arts, Sciences & Education**

The School of Arts, Sciences and Education is committed to creating a better tomorrow. The programs within these disciplines connect the humanities, sciences, fine arts, civic engagement, mathematics, technology, and social inquiry to prepare for a role that is as central to individual success as it is to a sustainable, well-educated society. Students are encouraged to engage in critical thinking, while developing problem-solving skills, and employing empathy and self-reflection.

We cultivate a passionate community that practices respect, collaboration, creativity and communication. With Associate, Bachelor's, Master's or Doctoral degrees in hand, graduates of the School of Arts, Sciences and Education will become community leaders, teachers, and socially responsible citizens to help us better understand the human experience and bring about a promising future.

# SCHOOL OF BUSINESS

## School Of Business

The School of Business at Southern New Hampshire University prepares students for successful careers through a commitment to exceptional teaching of business fundamentals, a relentless focus on the competencies and workplace skills that distinguish high performers in business, and partnerships with businesses and organizations that provide our students with workplace experience and an understanding of today's business environments. The basic knowledge in accounting, economics, finance, marketing, management, leadership, and operations that every business student must attain is no longer sufficient to succeed.

Students today need to be adaptable to succeed in a workplace where jobs that have never existed before are being created daily as new technologies provide opportunities and challenges. They need to understand the implications of a global marketplace that is fully connected and interdependent. And they need to approach every job as an entrepreneur, finding new and better ways of doing things. We pride ourselves on our exceptional faculty that provides a broad, relevant business education designed to launch our students on successful careers and lives.

# SCHOOL OF ENGINEERING, TECHNOLOGY & AERONAUTICS

## **School Of Engineering, Technology & Aeronautics**

The School of Engineering, Technology, and Aeronautics (SETA) is one of Southern New Hampshire University's newest initiatives, underlining our continuing commitment to providing high-quality STEM programs. Our priority at SNHU is to provide students with the best possible learning environment. Top-notch faculty, advanced learning tools, and modern, cutting-edge facilities. The diverse faculty members within SETA bring with them a wealth of experience, including time spent designing video games, serving in the armed forces, and working as scientists and engineers.

These faculty members help guide students through rigorous, hands-on curriculum as they spend time in the machine shop, robotics lab, aeronautics lab, electrical lab, wind tunnel, and other state-of-the-art tools available on campus. To us, success means students achieving their education and career goals—and we pride ourselves on providing them with the resources they need to do so.

Master of Education

President LeBlanc, Board of Trustees, esteemed faculty, staff, fellow graduates, friends, and cherished loved ones. I stand before you today not only a proud Graduate but a testament to the transformative power of education and the unwavering support of the SNHU community. Today's celebration marks the culmination of a journey fueled by resilience, determination, and the steadfast belief that knowledge is the key to a brighter future.

I often used to hear an inner voice say I don't belong here but today I say here I am! Born and raised in Durban South Africa my childhood was painted with the heart realities of poverty. Yet amidst these challenges I held onto the flickering flame of hope, believing that education would be the key to my success. But finding the right path wasn't easy. It wasn't until I discovered SNHU that the embers of my dreams were truly ignited.

The moment I enrolled I felt a warm embrace of support. Engaging courses, and the curriculum's emphasis on critical thinking became a valuable tool, equipping me with the resilience to overcome every obstacle.

However just as my path seemed clear, life threw me a curveball, a diagnosis of breast cancer. It was during this defining moment that the true strength of the SNHU community shone through. Faculty, advisors, and peer tutors became my anchors of support. Offering me unwavering encouragement and guidance.

My advisor not only provided invaluable assistance during my treatment but also ensured I received a strong reference for my current teaching position. Instructors readily gave me references and their support in my pursuit of a doctoral degree. Their belief in me propelled me forward even when doubt threatened to engulf me.

Today as I stand here, I share my story not for praise but to ignite a spark of hope within each of you regardless of your background challenges, or the curveballs, life throws your way. Remember, you are capable of achieving great things. The path might not be smooth, but it is your determination, and resilience that will pave the way.

Look around you and embrace the rich tapestry of experience woven into our student body. Each journey is unique, and every story offers valuable lessons and perspectives. Remember success isn't just about achievements, it's about the positive impact we create in the lives of others. Use the knowledge and experience gained here to be a force of good in the world. Uplift those around you and ignite hope in those facing their own battles. The journey wouldn't have been possible without the relentless support of SNHU.

To the faculty who challenged us to think critically and provided guidance, to the advisors who advocated for us and ensured we stayed on track, and to our fellow graduates who shared their struggles and successes, a heartfelt thank you! Remember the connections we forged here are not simply fleeting friendships but a network of support that extends beyond graduation. Together we can overcome any challenge that comes our way.

# STUDENT SPEAKER

**RICCARDO JAQUAR RICHBURG**

Associate in Science, *Associates with High Honors*

Good morning, everyone and welcome to the Class Of 2024 Commencement, AM session! You are either here because you are graduating, celebrating someone that is graduating, or had critical roles in the lives of the graduate, via family, professors, or support staff. Regardless of which category you fall into, everyone deserves a round of applause for their contribution to our success today.

To our President, Dr. LeBlanc, the Board of Trustees, our many deans and assistant deans, advisors, professors, all the way to the office of student finance, whom we overwhelmed around 17-18 days (about 2 and a half weeks) into the semester, and to our distinguished guests, thank you for being here and for this opportunity to speak during this remarkable and celebratory time.

To my fellow graduates, we did it! Time and chance belong to everyone, so congratulations on maximizing our time and not wasting this chance. The glory of this moment may not show the struggle to get here. The applause of today may not account for the sleepless nights, mental anguish, and the sacrifice of so many life moments. Today also overshadows the many days and nights we said, this is it, I quit, and I am not doing this anymore. Some of us said it once or twice a week, but we did not quit, and here we are today.

I want to share something with you that one of my late grandfathers shared with me. I remember asking him to do something for me that I really could do for myself, I just did not realize it. He called my attention to a familiar passage of scripture, a clause of Exodus 4:2 “and the lord said unto Moses, what is that in thine hand?” My grandfather told me oftentimes we ask God to do things he has already given us the power to do for ourselves. He then said, “Riccardo, what do you have in your hand?”

I shall never forget the feeling that I felt that day. The feeling of confusion, helplessness, and uncertainty I once had melted away. I found a sense of courage, strength, and empowerment through this conversation with my grandfather. It caused me to focus on my capabilities and what I could do, versus what I felt I could not do. I felt this same feeling a few years ago when it was said to me, I am nothing, came from nothing, and would not have anything. I was told to give up and to let go of the dreams and future I had for myself. While hurting, and overcome with pain, I remember that I had something in my hand. I reminded myself that I am a published author, the proud father of three beautiful children, have a family that loves me, I am successful in my career, and I am one of the smartest people I know. I mean I am borderline brilliant. (comedy)

I say to each of you, today something is being placed in our hands. This is more than a nice grade or type of paper with some fancy writing on it. This is the reward for your sleepless nights. This is the payoff for your sacrificed vacations. This is the open door to your future. This is the proof that there is more than what you thought there would be. This degree is proof that when faced with bowing out, even gracefully, you defied the odds. No surrender and no retreat are what got you here today.

**MARTHA N. RODRIGUEZ**

Bachelor of Arts, *Summa Cum Laude*

Good afternoon, President LeBlanc, Board of Trustees, esteemed faculty, staff, proud family members, friends and my fellow SNHU graduates.

As I stand before you today, a first-generation graduate of Southern New Hampshire University's online program, I am overwhelmed with gratitude and pride. This journey has been more than just earning a degree; it has been a testament to resilience, determination, and the unwavering support of loved ones.

To get to our hopes and dreams, I'd like to think we all carry an invisible ladder to get us there. Some of us carry our ladder, scared to place it down because we have heard how long and tiresome the journey up can be. Some of us carry ladders that were handed to us with missing steps, or steps that along the way got weakened due to loss or illness...but that did not stop us. Some of us, like me, found a great spot for our ladder, and just as we were on the way up, we had to climb down because other matters required our attention. For many of us that ladder waited there; for some time, perhaps it sat there for many years even, but we are Penmen! We came back to it, dusted it off, and climbed! And today we are here to celebrate that very climb! The climb took determination, commitment, and courage. Perhaps it was a climb that not everyone understood, but we did it nonetheless! And when we look back at each of those steps that got us to the top, SNHU is part of that ladder that got us to where we are today!

Reflecting on the countless late-night study sessions, juggling family, work, and of course those Thursday discussion posts, I discovered a strength. And in those moments of doubt, I found solace in knowing that others, just like me, were persevering, surrounded by the soft glow of a computer screen too. I am proud to be amongst you today, the ones that went against the grain, the ones who dared to climb up!

To my fellow SNHU graduates: Our stories are not just about overcoming obstacles; they are about rewriting the script of possibility. Let us inspire others by daring them to dream, persisting against all odds, and proving that with grit and grace, all is possible. As we embark on this new chapter, let us not forget the support we have received along the way. To our families, friends, professors, and counselors—thank you for believing in us, even when we may have doubted our climb. To all my family watching back home, thank you for your unyielding belief. To my husband and our three amazing kids, this milestone is yours as much as it is mine. Thank you for being my spark.

Congratulations, my fellow 2024 SNHU graduates! Our journey ignites a flame of hope for generations to come, and it is a true privilege and honor to be doing it alongside you. Together, let us continue to inspire, to lead, and encourage others to dust off their ladder too!

# EXCELLENCE IN TEACHING AWARDS

Southern New Hampshire University traditionally has recognized outstanding teaching in its many degree programs. Following an extensive selection process, a full-time faculty member and an adjunct faculty member are honored with the annual “Excellence in Teaching Award.” The process is student-driven with all nominations coming from the student body. A committee of faculty, administrators, and students used the nomination information and the following criteria to select the winners:

- Effectiveness as a classroom teacher;
- Commitment to advising and/or tutoring students beyond what might be expected;
- Professional development to remain current in the discipline and teaching;
- Contributions toward building the reputation or image of the university; and
- A general attitude toward students that demonstrates a concern for their welfare.

**The 2024 “Excellence in Teaching” Award for online faculty is awarded to:**

**Paula Cox, Ph.D.**, Counseling, *Full-time Faculty*

**Mary Minyon, MS, MHC**, Social Sciences, *Adjunct Faculty*

# THE AWARD FOR DISTINGUISHED ONLINE TEACHING

Southern New Hampshire University recognizes the exemplary efforts of our adjunct faculty in promoting teaching and learning within its online programs. After an extensive review of student feedback and academic evaluations, nominations are submitted by Associate Deans of Faculty within their curricular units.

Recipients of this award show an unwavering commitment to the following:

- Demonstrates SNHU's commitment to quality instruction and an exceptional student experience;
- Supports students by acknowledging their prior learning and experience, addressing concerns through care and effective communication, and exemplifying an encouraging disposition;
- Engages students proactively, consistently, and authentically to foster academic growth and progress; and
- Utilizes expertise in one's discipline to create connections between course content and current developments in the corresponding field, maximizing student achievement in the online learning environment.

Out of almost 10,000 faculty teaching online with us this year, only one instructor from each of the curricular units is honored with this achievement.

## The recipients of the 2024 Distinguished Online Teaching Award are:

<b>Brandy M. Havens, MBA</b>	<i>Business</i>
<b>Nicholas D. Tirone, Ph.D.</b>	<i>College for America</i>

**Jeanne Martin**

# VIRTUAL STUDENT SPEAKER

**OWEN ADAMS**

Bachelor of Arts, *Summa Cum Laude*

Welcome, President LeBlanc, Board of Trustees, esteemed faculty, staff, proud family members, friends, and my fellow SNHU graduates.

Today, we gather to celebrate not just the culmination of years of hard work, but the triumph of the human spirit over adversity. Each of us has a unique journey that has led us to this moment, but what unites us all is our unwavering determination to reach this milestone despite the obstacles we've faced. As a formerly incarcerated individual myself, I stand before you as living proof that no challenge is insurmountable with perseverance and the power of education.

Southern New Hampshire University has provided us with more than just a degree; it has given us the tools to rewrite our stories and redefine our futures. For some of us, higher education has been a beacon of hope in the darkest of times, offering a path to redemption and a chance to break free from the shackles of our past. It has taught us that our worth is not defined by our mistakes but by our resilience and our commitment to self-improvement.

As we stand on the precipice of new beginnings, let us never forget the value of our education and the opportunities it affords us. It is a privilege denied to many, and we must honor it by striving for excellence in all aspects of our lives. Let us be guided by the knowledge that our potential is limitless, and that with dedication and hard work, we can achieve anything we set our minds to.

But our journey does not end here. As we venture forth into the world, we must remember those who are still struggling, those who may feel trapped in the darkness of their circumstances. We must be the light that guides them, offering support, encouragement, and empathy. We must use our education not only to better our own lives but to uplift others and create positive change in our communities.

And so, as we embark on this new chapter, let us never lose sight of our dreams. Let us embrace the challenges that lie ahead with courage and determination. Let us continue to push the boundaries of what is possible and to strive for greatness in everything we do. And let us always remember that no matter how difficult the road may seem, we are never alone. We are a testament to the power of the human spirit, and together, we can illuminate even the darkest corners of the world.

Congratulations, Class of 2024. The future is bright, and it is ours for the taking.

# Counseling Programs

## Counseling Programs

The mission of the Clinical Mental Health Counseling Program is to empower new generations of counselors by transforming the lives of our students, and through them, the lives of the clients and communities they will serve. To achieve this, we deliver innovative, experiential counselor education, create an inclusive environment, and nurture authentic relationships. We recognize that earning a degree in counseling is more than just acquiring a base of knowledge and theories; it is about developing an identity as a healer.

The journey from novice to expert counselor takes many years. The completion of a master's degree is just one step in that journey; yet today, the faculty and staff of the Counseling program at SNHU are proud to present these students who have, by their hard work and perseverance, demonstrated they are ready to take the next step in their journeys, well prepared to have a positive impact on the lives of others, and are grounded in ethical practice that promotes unconditional positive regard and cultural humility towards themselves and their clients.

# Education Programs

## Education Programs

Within SNHU's Global Campus General Education and First Year Experience program, students demonstrate mastery of enduring skills embedded across the curriculum while investigating professionally relevant topics and authentic learning experiences through the lenses of humanistic, historical, social scientific, and empirical ways of knowing. By asking our students to study these worldviews, we intend to equip them with lifelong skills that enable them to interact through these lenses,

make sense of the world and information around them, and analyze interdisciplinary connections within different modes of thought. This work is crucial in order for students to have a transformative college experience that fosters personal growth, encourages proactive engagement in their academic studies, allows for planning for their professional careers, and promotes individuals to give back to their communities.

# Liberal Arts Programs

## Liberal Arts Programs

SNHU's Global Campus Liberal Arts department at embraces both passion and practicality within our many diverse undergraduate and graduate programs, such as Communication, Creative Writing, Digital Photography, English, General Studies, Graphic Design, History, and Liberal Arts. Our mission is to guide our students' exploration of the human experience to enrich their journeys as dynamic global citizens. In doing this, we foster the development of practical skills, leading to success in their chosen professional paths. We cultivate a passionate community that practices respect, collaboration, creativity, leadership, and communication.

Regardless of discipline area, a Liberal Arts education challenges students to expand their minds while encouraging empathy, creativity, critical thinking, and self-reflection. Liberal arts students sharpen their communication skills for different audiences in a variety of contexts and formats. Students learn to question assumptions in the search for truth. Emboldened by their liberal arts education, our students have a meaningful impact on their local and global communities, as they imagine and bring about a better future.

# Nursing Programs

## Nursing Programs

Southern New Hampshire University's Nursing department views students in our online programs as respected colleagues who come to us with their own unique views of the world and nursing. At SNHU students are valued for the contributions they bring into the learning environment and are viewed as both learners and learning resources.

Graduates are prepared to be successful nurse leaders, who promote a culture of quality and safety within a diverse society and are responsive to meet the challenges of an ever-evolving health care system.

## **Social Science Programs**

SNHU's Global Campus Social Sciences department empowers and supports students to transform their lives and the lives of those around them through high-quality and innovative educational practices that enrich their knowledge and skills in the helping professions. Students apply their knowledge of human behavior through our programs in Anthropology, Criminal Justice,

Human Services, Political Science, Psychology, and Sociology. Our programs provide students with insights at the individual, societal, and global levels in order to create a richer understanding of multiple perspectives and cultures. Students also hone their skills in analysis, critical thinking, problem-solving, communication, ethical reasoning, and professionalism.

# Science, Technology, Engineering & Mathematics (STEM) Programs

## STEM Programs

The mission of SNHU's Global Campus STEM Department is to serve as a global leader in STEM education by providing learner-centric and cutting-edge opportunities focused on equitable access for all using innovative technology and teaching practices. Our programs challenge students to think critically, to grow as professionals, and become lifelong learners who possess the interdisciplinary skills needed in a transformative society.

The STEM Department offers robust and challenging programs that engage students' diverse learning styles using projects, technology, industry tools, experiential learning, and environments that both adhere to our rigorous learning outcomes and are authentic to the relevant field of professional practice. We take great pride in providing our students with a transformative educational experience and enriching the world through the advancement of science, technology, engineering, and mathematics one learner at a time.

# CONGRATULATIONS TO OUR NEWEST GRADUATES!

Congratulations, graduates of the Class of 2024!

We're proud to welcome you to the SNHU Alumni Association, and honored to celebrate your accomplishments and the determination that got you here today. You're joining the ranks of more than 250,000 SNHU alumni worldwide, a diverse and accomplished network of professionals, community leaders and change makers.

Your alma mater is here for you after you graduate. We encourage your active participation in the SNHU community – with a multitude of ways to stay connected and get involved. You can give back by volunteering as a career coach, build your regional SNHU network, attend regional and virtual events, and so much more!

Visit [alumni.snhu.edu](http://alumni.snhu.edu) to update your alumni profile, leverage career resources, learn about upcoming events, access other great benefits and find meaningful ways to continue your journey with SNHU.

In Service,

**Aarron R. Dupuis '19MBA**
