

CLASS OF 2022

90TH COMMENCEMENT CEREMONY

MESSAGE FROM THE PRESIDENT

Paul LeBlanc
University President and CEO
Southern New Hampshire University

Dear graduates, family, and friends,

We are thrilled to be celebrating our 90th Commencement and recognizing the Spring Class of 2022 this weekend.

To our graduates; Congratulations! We watched you exhibit tremendous grit and dedication to accomplish this goal. There's a reason we say you earned your degree—because it takes hard work to do what you've done and you have certainly earned that diploma and your moment to shine at a ceremony. We are incredibly proud of each of you.

To the families and friends cheering on our graduates today and celebrating this important milestone; Thank you. The phrase “it takes a village” is often used about raising a child, but we know it applies at SNHU too. No graduate got here alone. It was because of your encouragement, and in many cases the sacrifices you made, that your loved one was able to put in the work necessary to finish their degree. Without a doubt, your support made this journey possible.

Enjoy the celebration, and congratulations to the Class of 2022!

A handwritten signature in black ink that reads "Paul LeBlanc". The signature is fluid and cursive, with a long horizontal stroke at the end.

A TRADITION STEEPED IN HISTORY

COMMENCEMENT PROCESSION

A procession of the various participants begins and ends our formal commencement ceremony. Individuals are arranged to reflect the order of academic rank in the hierarchy of the traditional European university.

At SNHU, the Mace Bearer leads the procession. He or she is followed by the Faculty Marshals, the Platform Party, and then the Faculty of the schools arranged in order of seniority, beginning with the senior faculty. The procession is concluded by the degree candidates. They enter in groups representing their schools/units, led by a gonfalon (flag) and walking in rank.

CEREMONIAL MACE

The mace was first used as a weapon. The word comes from the Latin 'mateola,' meaning mallet or staff. It consisted of a long club with a ball of steel or brass at one end. As newer weapons came into use, the mace lost its prime purpose as an instrument of war; however, it had become a symbol of authority and power. Universities in Europe with roots in the Middle Ages adopted maces as symbols of authority and unity. Since then, other institutions of higher learning have come to use the mace in their ceremonies.

Southern New Hampshire University commissioned David Elwell, a New Hampshire silversmith, to create a mace to commemorate the university's 50th anniversary commencement. This mace is made of brass, aluminum, copper, and bronze, with a staff of ebony and African padauk.

THE PRESIDENTIAL MEDALLION

The Presidential Medallion, worn by the president with academic regalia, is a symbolic representation of the authority and responsibility vested by the university in the president. It is a symbol of office that dates from medieval times and is worn by the president at all ceremonial occasions.

The Presidential Medallion is a permanent possession of the university and is presented to successive presidents at their inaugurations by the chairman of the Board of Trustees. The chain and medallion are fabricated from sterling silver. The university emblem, in relief, is the central design on the medallion. It is surrounded by a border of entwined wires, similar in texture to the chain links, and finished with a square raised edge. The heavy, twisted links of the chain bear four oval plates on each side. The background of the entire piece is oxidized to highlight the relief design and textures. The names of those who have held the office are engraved on the reverse side of the medallion.

The Presidential Medallion was designed and fabricated in 1987 by award-winning New Hampshire metalsmith Jacquelyn Ferency of Milford.

ACADEMIC REGALIA

The academic costume worn today originated in the universities of the Middle Ages, when a warm gown and hood were useful for scholars and clerics in unheated buildings. The distinctive gowns served to set students apart from their fellow citizens, hence the perennial controversy between ‘town and gown.’

Until after the Civil War, students at most American universities wore caps and gowns daily while in residence. These varied in design until they were standardized by the American Intercollegiate Commission in 1894. At that time it was decided that all robes would be black; bachelor’s gowns would have long, pointed sleeves; master’s gowns would have long, closed sleeves with slits for the arms at the elbows; and doctor’s gowns would have very full, bell-shaped sleeves, each with three velvet bands matching the velvet facing of the gown opening.

The length of hoods varies with the degree. The lining of the hood indicates the university by the colors. The border of the hood indicates the academic discipline in which the degree was earned.

Students who have studied abroad for one or more semesters will be wearing a sash with the colors of the flag of the country where they studied. The sashes are issued to signify the university’s commitment to provide students with opportunities for acquiring international and cross-cultural experience.

Undergraduate learners that have received ceremonial and/or Latin honors will be wearing a gold cord.

Graduates that are serving in the military or are veterans will be wearing red, white and blue woven cords in recognition and appreciation of their service.

Participants in campus Undergraduate Research Day will be wearing a light blue cord.

Many cords are representative of membership in a recognized National Honor Society; a full list is found on subsequent pages.

**ACADEMIC
REGALIA**

The colors for academic fields established by the American Council on Education include:

Agriculture	maize
Arts, Letters and Humanities	white
Business, Commerce and Accounting	light brown
Dentistry	lilac
Economics	copper
Education	light blue
Engineering	orange
Fine Arts	brown
Forestry	russet
Journalism	crimson
Law	purple
Library Science	lemon
Medicine	green
Music	pink
Nursing	apricot
Oratory	silver gray
Pharmacy	olive green
Philosophy	dark blue
Physical Education	sage green
Public Administration	peacock blue
Science golden	yellow
Social Work	citron
Theology	scarlet
Veterinary Science	gray

(Caps and gowns representing degrees from foreign universities may be quite different from those described. The most obvious difference may be in the cap, which is often a soft, round hat of the style worn by medieval scholars.)

President LeBlanc, Distinguished Deans, Board of Trustees, Faculty, Staff, Families, Friends, and my fellow graduates, a wonderful morning to you all. On January 1st, 2020, I started my year like many of you: no new year resolution but excited for the year to come. It began with a quote that spoke to my past, present, and future. “Talent is equally distributed; opportunity is not.” While this quote is credited to Leila Janah, it was the context used by President LeBlanc that I credit to its impact on my life. His words led me to an experience like no other. Like many of you with desires to reset a career to better support our family or to just kick start adulthood: metaphorically wounded and battered, I started a journey that would propel my growth and development to new heights.

Working ten-hour shifts with one-hour commute each way, I felt, did not allow time to stop and smell the roses, let alone attend university. Being constantly exhausted from my day in the office, commuting, and attending university was a recipe I did not want to taste. But I knew, like many of you here today in similar situations, something had to change. Amelia Earhart, an American aviation pioneer and author, wrote that the most difficult thing is the decision to act. Acting on the desire to change the trajectory of my life was difficult.

As a first-generation immigrant and university graduate, my experience and educational achievements at SNHU have allowed me to reinvent myself. With new knowledge and enhanced skills, I have a heightened desire to lead. This experience has taught me to fully utilize the tools available and to lean on the right support to accomplish my goals. A fellow Jamaican, the great Bob Marley, has a very inspiring quote on resilience. He said, “You never know how strong you are until being strong is the only choice you have.” I never knew how strong and resourceful I was before embarking on this journey. I am sure many of you can relate.

Today, my advice to you: apply all that you have learned throughout this journey to your personal and professional growth. Apply yourself and keep moving forward. It is not a sprint; it is a marathon. Also, take a moment to enjoy this accomplishment with your fellow graduates from all walks of life. Embrace every emotion you are feeling right now. This moment will never happen again. Take a moment to thank your support system, they took this journey with you and will continue as you soldier on to the next chapter of your education and career.

Congratulations Class of 2022. Welcome to the new world. With commitment, perseverance, and tenacity, we did it!

Greetings President LeBlanc, Board of Trustees, Distinguished Deans, Faculty, Staff, Family, Friends, and Fellow Graduates. Wow! I'm grateful to have realized my dream that started 42 years ago. As I reflect on graduating at age 15, missing my senior year activities, missing my high school and technical college graduation ceremonies due to circumstances beyond my control, standing before you today carries a personal significance beyond measure. Thank you, God, for making today possible.

I'm grateful that SNHU stands as a bridge that I've crossed with pride as a first-generation graduate, like many of my fellow graduates in the audience. Despite COVID-19 affecting all of us directly, including losses of our loved ones, it was by grace and support from family, friends, my outstanding academic advisor, Rebecca James, and SNHU faculty that supplied gale force winds for my sail and my employer that provided financial support. I pause to say thank you!

The great Nelson Mandela tells us, "Education is the most powerful weapon which you can use to change the world," and I'm confident you agree with my belief that SNHU provides solid academia that will open doors. The class of 2022 is expansive in every aspect of diversity. Some of us took a traditional route, some held down careers and families, and it was a formidable expedition for all.

Regarding my 42-year-old dream, thank you to my family and friends for being here today and the catalyst two years ago to encourage me to construct a period where many commas had been placed. However, I quickly realized it was not as easy as I thought. Last year my plans to prepare our traditional Easter Sunday feast were overshadowed by an all-nighter to meet a Sunday 11:59 pm deadline. My daughters rose to the occasion. Easter Sunday 2021 Subway sandwiches will forever be etched in my memory as the most fantastic meal ever. My daughters, Angela, Tiffany, & Lauren, set an example, and encouraged me not to give up on my dream that was realized as I finished SNHU with a 4.0 GPA.

To my fellow graduates, our dreams led us along unique highways that converged. Congratulations, we made it! Research, scholarly references, APA citations, and practical application assignments have filled our toolboxes in overflow. We are now prepared for the next mission. The world's weight might slow us down but let's remember it is not speed or strength but starting with a dream and remaining focused to the end. After SNHU, continue the pursuit of being intentional despite challenges.

Whether you are a Gen Z, a Boomer, or anywhere in between, remember to "Dream." While "Dream" has been modeled abundantly as an anthem, the 1st letter D stands for the dedication that I charge you with embracing. In your next endeavor, use that same dedication that got you here today. Congratulations, SNHU class of 2022!

Bachelor of Science, *Summa Cum Laude*

Good afternoon,

Thank you to President LeBlanc, board of trustees, distinguished deans, staff, faculty, family, friends, and my fellow graduates. I began my journey to the stage today almost 18 years ago, I took my first college courses way back in September of 2004. For reference, Usher was topping the charts, Finding Nemo was #1 at the box office....and I had a full head of hair.

During those 18 years, I've had many experiences and met people from all over the world. I was fortunate enough to serve in the United States Marine Corps and was deployed to Iraq in 2008 and Afghanistan in 2010. I also began a career in law enforcement right here in the city of Manchester in 2007. I still proudly serve with the Manchester Police Department today.

As I was writing this speech, I kept coming back to a common thread I've seen throughout my interactions with people regardless of background, class, culture, or locale. That common thread has been the way I have seen people value education. Whether it was the desert of Iraq, a village in Afghanistan, a military base in Kyrgyzstan or right here in Manchester NH, it was seemingly universal.

I thought about a group of children I encountered in Iraq, crowded into a school house in the heat of summer to receive their lessons. A young woman I saw working at an American base in Kyrgyzstan, intently reading a text book before her shift began.

A small child from an underprivileged home right here in Manchester, who took me by the hand and insisted on showing me the new backpack he just got for school.

These three very different people, from very different parts of the world were all connected through how they valued education. It's something that also connects each one of us here today. I point this all out because I want to use this time not to try and motivate or inspire but to reflect on the significance of what we all have accomplished.

The former secretary general of the United Nations, Kofi Anan, once said, "Education is the premise of progress, in every society, in every family." Our degrees conferred to us today represent that progress. They represent a goal people across the world are working towards every day. Whether it be a class full of children in Iraq, a young woman in Kyrgyzstan or that little boy who lives not far from where we are sitting right now. We are all where they and people all over the world hope to be someday. We should be both grateful for and proud of that.

Class of 2022 thank you so much for your time today. Congratulations and good luck!

RISING STAR AWARD

Southern New Hampshire University recognizes the exemplary efforts of our adjunct faculty in promoting teaching and learning within its online programs. After an extensive review of student feedback and academic evaluations, nominations are submitted by Associate Deans of Faculty within their curricular units. Award recipients are selected by committee according to the following criteria:

- Demonstrate SNHU's commitment to quality instruction and an exceptional student experience;
- Support students by acknowledging their prior learning and experience, addressing concerns through care and effective communication, and exemplifying an encouraging disposition;
- Acknowledge students' prior learning and experience while engaging them proactively and consistently to foster academic growth;
- Utilize expertise in one's discipline to create connections between course content and current developments in the corresponding field, maximizing student achievement in the online learning environment.

Out of over 7,000 faculty teaching online with us this year, only one instructor from each of the curricular units is honored with this achievement.

SNHU is proud to have these rising stars as a part of our faculty team:

Robert Shindell, Ph.D, *Business*

Sarah Campbell, Ph.D, *Counseling*

EXCELLENCE IN TEACHING AWARDS

Southern New Hampshire University traditionally has recognized outstanding teaching in its many degree programs. Following an extensive selection process, full-time faculty members and an adjunct faculty member are honored with the annual “Excellence in Teaching Award” each year. The process is student driven with all nominations coming from the student body. A committee of faculty, administrators, and students used the nomination information and the following criteria to select the winners:

- Effectiveness as a classroom teacher;
- Commitment to advising and/or tutoring students beyond what might be expected;
- Professional development to remain current in the discipline and teaching;
- Contributions toward building the reputation or image of the university; and
- A general attitude toward students that demonstrates a concern for their welfare.

The finalists for the 2022 Excellence in Teaching Award for online lead faculty are:

Dr. Cheyenne Carter, *Counseling*

Dr. Matthew Glowiak, *Counseling*

The finalists for the 2022 Excellence in Teaching Award for online adjunct faculty are:

Dr. Mark Bound,
GenEd/First Year Experience

Stephen Schroeder, BA, *Business*

Dr. Lisa Speropolous,
Assistant Professor

Dr. Colleen Tapley,
Assistant Professor

EXCELLENCE IN ADVISING AWARDS

In order to recognize and reward the significant impact that advising has on our students' success, an "Excellence in Advising" award is awarded to one deserving faculty advisor, one deserving professional advisor, and two academic advisors each year. The process is student driven, with all nominations coming from the student body. A committee of faculty, administrators, and students used the nomination information and the following criteria to select the winners:

- Understands and effectively communicates the curriculum, graduation requirements, and university policies and procedures.
- Encourages and guides students as they define and develop realistic academic goals.
- Encourages and supports students as they gain the skills to develop clear and attainable educational plans.
- Encourages students to use appropriate resources and services available to them as SNHU students.
- Guides students to understand the purpose of higher education and its effects on their lives.
- Assists students in gaining decision making skills and assuming responsibility for their educational success.
- Monitors and accurately documents student progress toward meeting individual goals.
- Is accessible to students during office hours or by appointment and responds in a timely manner when communicating with students by telephone or email.
- Maintains confidentiality.

In early 2022, the Academic Advising team received a record 13,000 student nominations for the Excellence in Advising Award.

We are pleased to honor the following 2022 Excellence in Advising Award Recipients:

Evan Bodi, *Academic Advisor*

Alison Ganon, *Academic Advisor*

Jennifer Langley, *Academic Advisor*

Jackie Trexler, *Academic Advisor*

COUNSELING PROGRAMS

COUNSELING PROGRAMS

The mission of the Clinical Mental Health Counseling Program is to empower new generations of counselors by transforming the lives of our students, and through them, the lives of the clients and communities they will serve. To achieve this, we deliver innovative, experiential counselor education, create an inclusive environment, and nurture authentic relationships. We recognize that earning a degree in counseling is more than just acquiring a base of knowledge and theories; it is about developing an identity as a healer. The journey from novice to expert counselor takes many years. The completion of a master's degree is just one step in that journey; yet today, the faculty and staff of the Counseling program at SNHU are proud to present these students who have, by their hard work and perseverance, demonstrated they are ready to take the next step in their journeys, well prepared to have a positive impact on the lives of others, and are grounded in ethical practice that promotes unconditional positive regard and cultural humility towards themselves and their clients.

EDUCATION PROGRAMS

EDUCATION PROGRAMS

Within SNHU's Global Campus General Education and First Year Experience program, students demonstrate mastery of enduring skills embedded across the curriculum while investigating professionally relevant topics and authentic learning experiences through the lenses of humanistic, historical, social scientific, and empirical ways of knowing. By asking our students to study these worldviews, we intend to equip them with lifelong skills that enable them to interact through these lenses, make sense of the world and information around them, and analyze interdisciplinary connections within different modes of thought. This work is crucial in order for students to have a transformative college experience that fosters personal growth, encourages proactive engagement in their academic studies, allows for planning for their professional careers, and promotes individuals to give back to their communities.

LIBERAL ARTS PROGRAMS

LIBERAL ARTS PROGRAMS

SNHU's Global Campus Liberal Arts department at embraces both passion and practicality within our many diverse undergraduate and graduate programs, such as Communication, Creative Writing, Digital Photography, English, General Studies, Graphic Design, History, and Liberal Arts. Our mission is to guide our students' exploration of the human experience to enrich their journeys as dynamic global citizens. In doing this, we foster the development of practical skills, leading to success in their chosen professional paths. We cultivate a passionate community that practices respect, collaboration, creativity, leadership, and communication. Regardless of discipline area, a Liberal Arts education challenges students to expand their minds while encouraging empathy and self-reflection. Liberal Arts promotes objective examination of new ideas and thoughts and helps incite creativity and the development of critical problem-solving skills. Liberal arts students sharpen their communication skills for different audiences in a variety of contexts and formats. Students learn to question assumptions in the search for truth. Emboldened by their liberal arts education, our students have a meaningful impact on their local and global communities, as they imagine and bring about a better future.

NURSING PROGRAMS

NURSING PROGRAMS

SNHU's Global Campus Nursing and Health Professions department provides high quality undergraduate and graduate education with distinction in scholarship, service, and practice for nurses and health professionals seeking to maximize their personal and professional potential. This mission is fulfilled through innovative programs and by meeting the needs of adult learners in an online environment. Graduates are prepared to promote a culture of health within a diverse society in order to meet the challenges of an ever-evolving healthcare system.

SOCIAL SCIENCE PROGRAMS

SOCIAL SCIENCE PROGRAMS

SNHU's Global Campus Social Sciences department empowers and supports students to transform their lives and the lives of those around them through high-quality and innovative educational practices that enrich their knowledge and skills in the helping professions. Students apply their knowledge of human behavior through our programs in Anthropology, Criminal Justice, Human Services, Political Science, Psychology, and Sociology. Our programs provide students with insights at the individual, societal, and global levels in order to create a richer understanding of multiple perspectives and cultures. Students also hone their skills in analysis, critical thinking, problem-solving, communication, ethical reasoning, and professionalism.

SCIENCE, TECHNOLOGY, ENGINEERING & MATHEMATICS (STEM) PROGRAMS

STEM PROGRAMS

The mission of SNHU's Global Campus STEM Department is to serve as a global leader in STEM education by providing learner-centric and cutting-edge opportunities focused on equitable access for all using innovative technology and teaching practices. Our programs challenge students to think critically, to grow as professionals, and become lifelong learners who possess the interdisciplinary skills needed in a transformative society.

The STEM Department offers robust and challenging programs that engage students' diverse learning styles using projects, technology, industry tools, experiential learning, and environments that both adhere to our rigorous learning outcomes and are authentic to the relevant field of professional practice. We take great pride in providing our students with a transformative educational experience and enriching the world through the advancement of science, technology, engineering, and mathematics one learner at a time.

CONGRATULATIONS TO OUR NEWEST GRADUATES!

We're proud to welcome you to the SNHU Alumni Association, and honored to celebrate your accomplishments and the determination that got you here today. You're joining the ranks of more than 180,000 SNHU alumni worldwide, a diverse and accomplished network of professionals, community leaders and change makers.

Your alma mater is here for you after you graduate. We encourage your active participation in the SNHU community—with a multitude of ways to stay connected and get involved. You can give back by volunteering as a career coach, build your regional SNHU network, attend regional and virtual events, and so much more!

Visit alumni.snhu.edu to update your alumni profile, leverage career resources, learn about upcoming events, access other great benefits and find meaningful ways to continue your journey with SNHU.

Summa optimaque,

John "JR" Ristaino '82
